LAST WORD

Yoh dudez...here's da second issue of da BULLET PROOF. I hope, I improved it a bit since last time. The interviews are a bit better and also da fotos. Maybe da TRUE STORY is a bit boring but ya needn't read it. I will not put news in this mag, coz the most disc mags make it faster. The problem is only, that when I shoot the piccies, the dudes leave their group to join another one. This issue has 200 copys and will be spread by several dudes. Also in the next one are more funny GFX from ANS. The pic was painted from a foto, where I was 14. This was a NEWYEAR PARDEY and I was a bit damaged. ANS painted this pic very nice. Thanx a lot man. Okay, now sume fast regards to the guyz who helped me...

Maybe sume dudes didn't understand the billboard charts. ARROGANCE IS NOT A GAY. Also the billboard charts are no more in. When ya want it back, tell me. Also in the next issue is the result from the opinion poll about this mag. I hope my English is a bit better than last time. So dudes, get ready to enjoy this piece of design...

True Story about -R- and Mega Ind.

-----

Here's PETER VENKMAN/MEGA INDUSTRIES with some news for you !

Well, as you can see the group called MEGA-INDUSTRIES is back, exactly one year after the birth of MEGA-INDUSTRIES. First died on the C64, coz everybody joined RUTHLESS, we had in the beginning lots of fun, but it all ended when there were some guyz in -R-, that started to spread rumours about some of us and started to organize all kind of stupid things behind my back. When I noticed that and it went wrong than I had the blame and the job to fix the problems again. I did this a few times and now it's over, I left -R- !!!

How it all get started, sunday 23.12.1990, somewhere in the train between UTRECHT and VENLO. 3 members of MIS (1) amiga division traveled back from the SCL. /-R- party, held that weekend in UTRECHT, they were OMEGA, MC SINN and TACHYON. Both MC SINN and TACHYON were still operative on the C64 under the -R- label. But -R- suffered under a big pressure. Both members were aware of that fact. TACHYON just promoted as a main organizer of -R-, had serious doubts for the future of -R- (all was done without any permission of the main organiser PETER VENKMAN). And MC SINN, a man with many names but little recognition, had big doubts of his future in -R-, he was the one with the guts to relieve himself from the stress. And to start a new journey, in a period of 10 seconds he left -R- to rebuild the C64 section of MIS again, in the next period of 10 seconds TACHYON did the same. From that point MC SINN and TACHYON got very busy, in -R- everything had to go fast and quietly, otherwise all da small divided parts within -R- would join their forces and MIS had to start over as an unborn child. TACHYON started to call and call all the best guyz he wanted. So he called me and asked if I would join MIS. Well the answer was simple YES of course and a few minutes later he called XTRA-T and he joined too. HENRY joined also and of course ENNIC joined a mistake was made. TACHYON called DUCK D. and he said NO and immediately called SCORP and he called TACHYON as he was the one who was calling the most of the -R- members asking them to join the MIS forces.

In this conferenz SCORP started to blame TACHYON about steeling RUTHLESS members behind his back. SCORP asked if he was the blame for all this, among other things TACHYON started the facts, that he just wanted some members, and in -R- there were several members found good enough to join MIS. So TACHYON asked some RUTHLESS members to join MEGA, alphabetical order and you might know that SCORP'S real last name starts with an "Z", so he would come last. This means that TACHYON wasn't steeling members, and if SCORP was the blame for all of this, he had to find it out by himself. TACHYON joined MIS for personal reasons, he didn't see RUTHLESS improving in a short period of time. So he left and joined a promising young group. The reasons for the others to join MIS were unknown for him, so SCORP had to call them personally. After that phonecall the resistance of -R- was build fast and quickly.

Please take this over in your mag.

SCORP/-R-, this is a public warning !!! If any false information about any of the members in MIS is published in any kind of known form, and we have reasons to believe you're behind it, we're forced to publish certain facts, which we have in possession, so buzz off...

PETER VENKMAN, XTRA-T, ENNIC, MC SINN and TACHYON LEFT RUTHLESS to rebuilt MIS !

IXON and DECOY DESIGN LEFT RUTHLESS to join MANOWAR !

DENSE LEFT RUTHLESS to join HITMEN !

BILL LEFT RUTHLESS to join CULTURE and later he build up VERDICT, with some other cool CULTURE guyz (Ed. Good luck pal !) !

HENRY is a ABC and a MIS member !

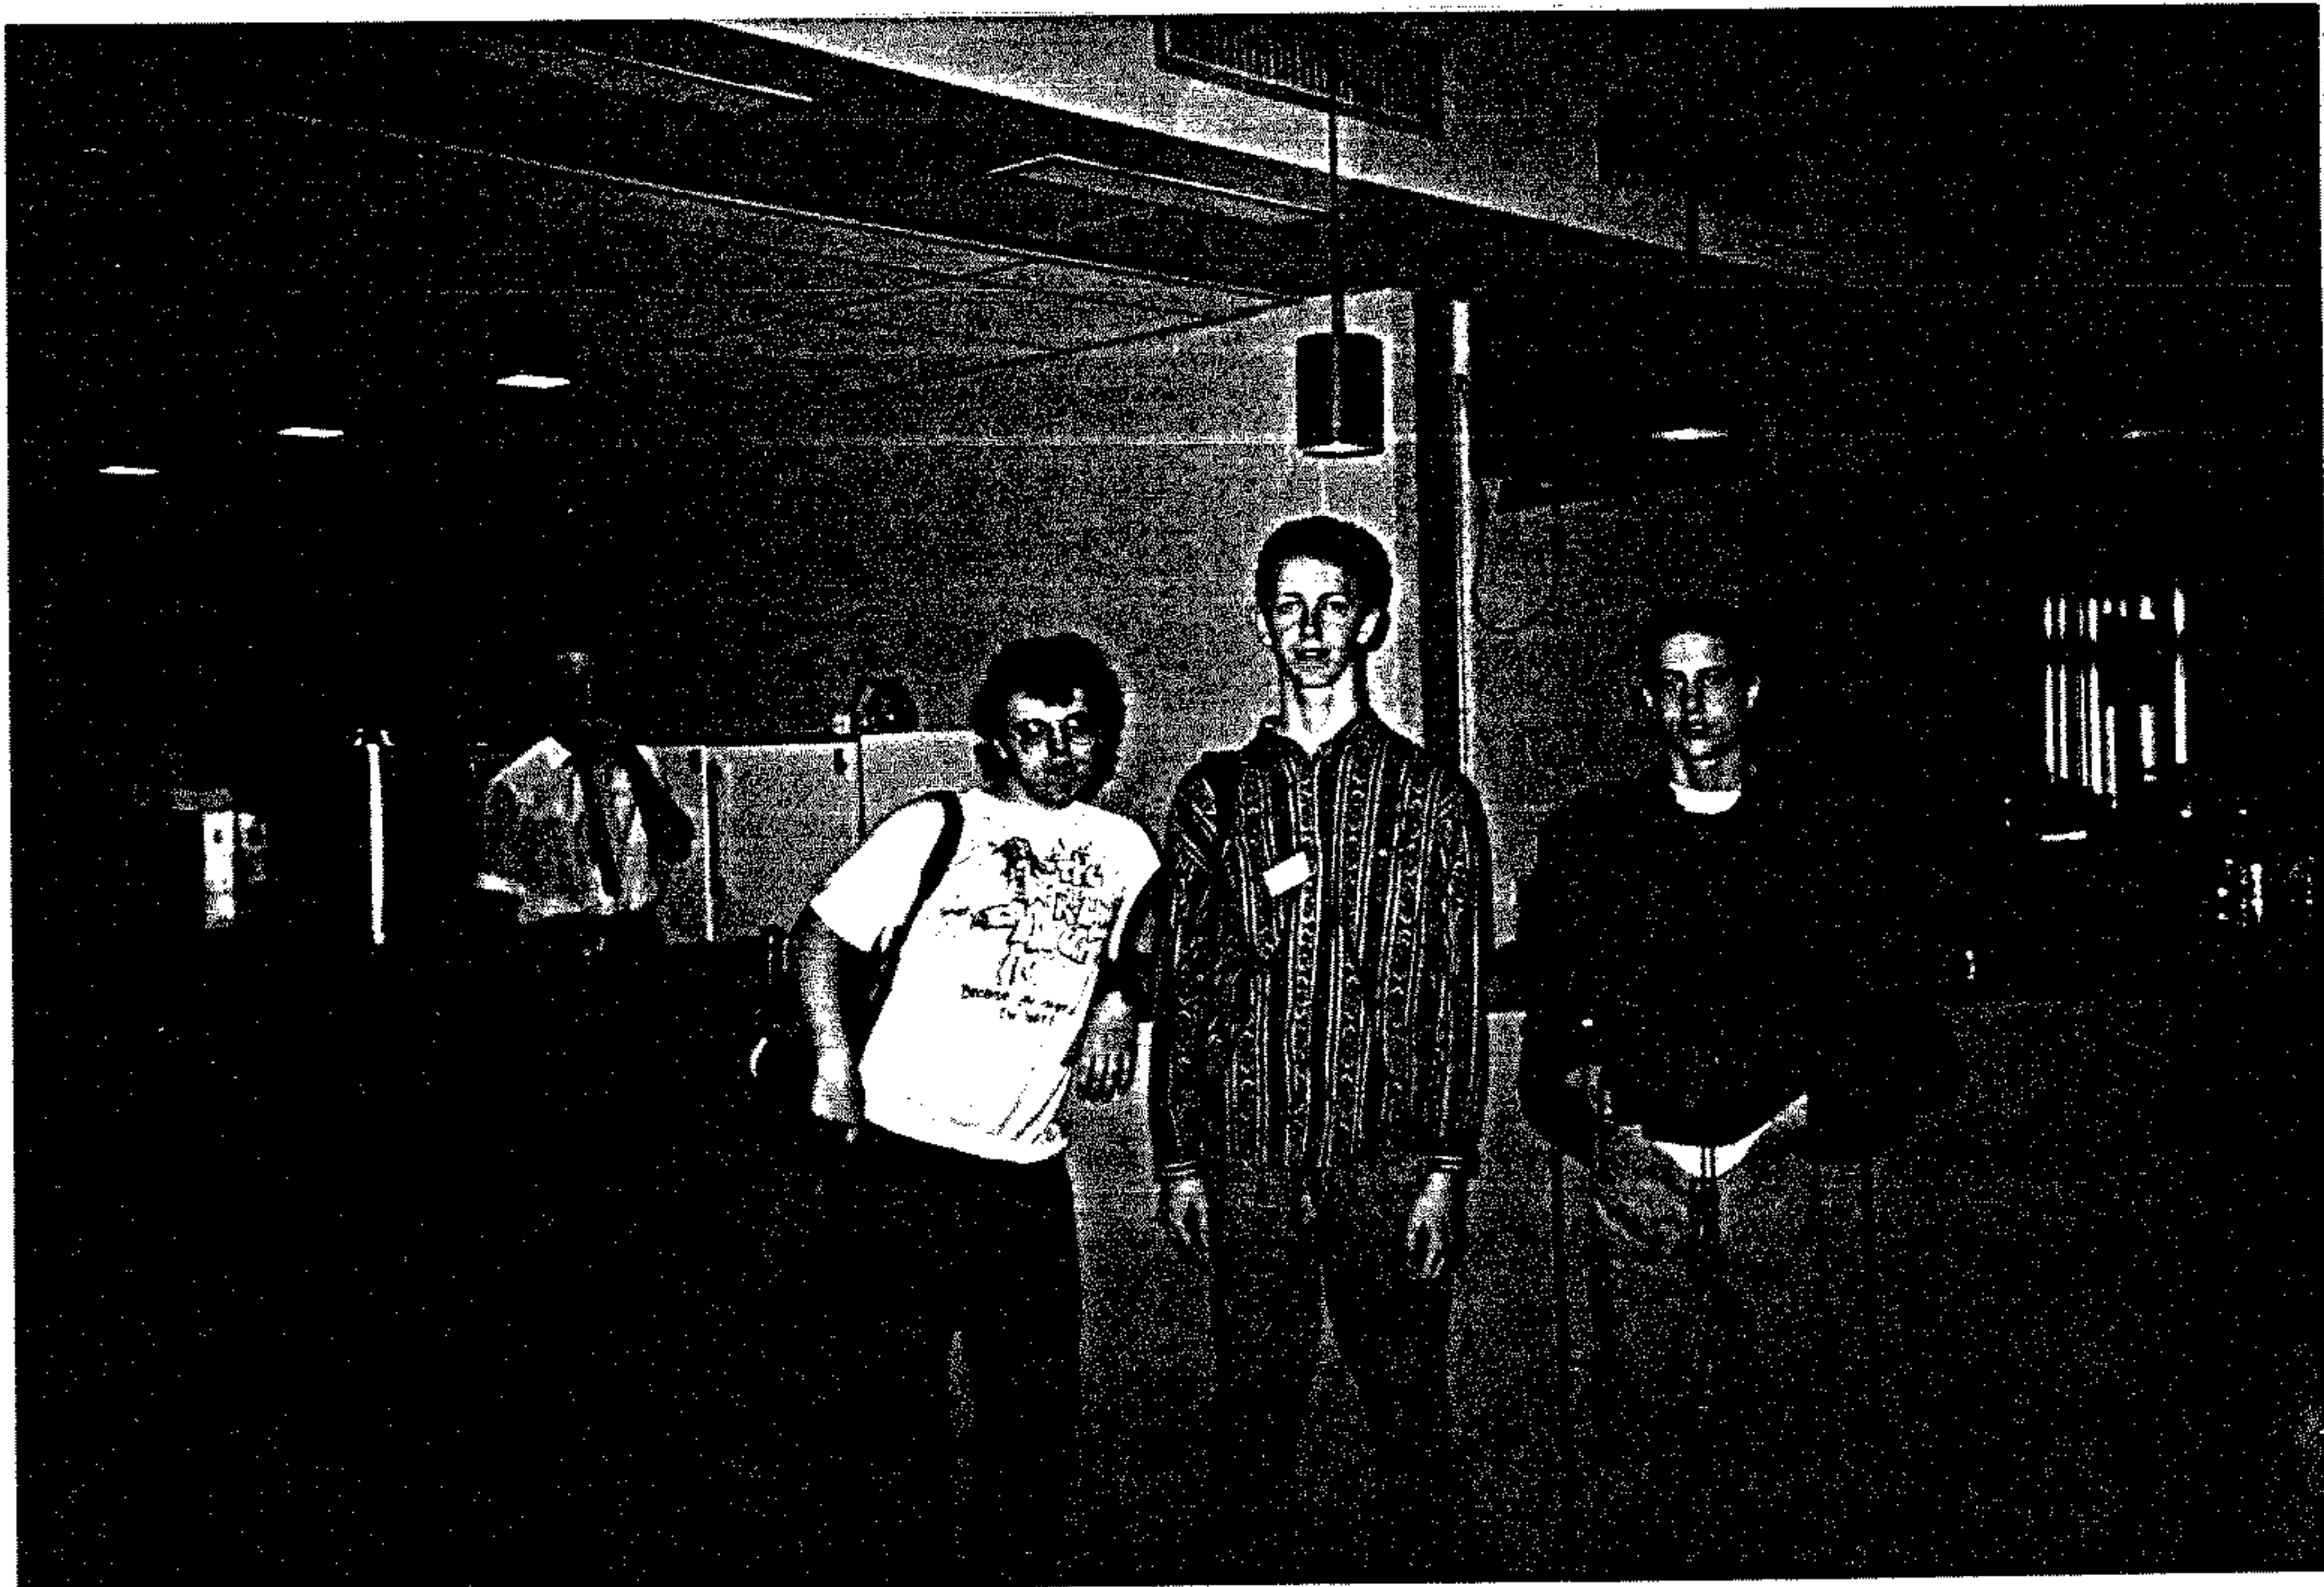

Also these guyz left RUTHLESS : JAMES BOMB, DEA, SCREAM, GRAPPLE, I-MAN and of coz there will follow more people our way to the top !

PETER VENKMAN shall start his board in about 2 months, the name of this board is "2 FAST 4 U". It's an AMIGA/PC hotwares board and is running on a A486 DOS machine with a courier HST 9600 DS MODEM.

Some words from the Ed.: I've not anything against -R-, but PETER asked me to publish some true facts. So I did this and I hope it was a bit interesting !

These peoples are from left to right  
FREESTYLE/TALENT, ISAAC/PARADIZE, GOTCHA/  
BYTERIDERS, SCORPIE/F4CG, SPITFIRE/ACTION,  
and TACHYON/TALENT. Normaly I want only  
the TALENT fishes, but suddenly all guyz  
jumped to them. But I think this is a  
really funny picture !

These dudez are TRAX, CBA and DECOY  
DESIGN from THE RULING COMPANY !  
What can I say to this piccy. May be  
that CBA must eat a bit more ?!?

These raw dudes are HOBBIT, RESET and SCORPIE of F4CG. But they don't know, how long they stay in F4CG. May be SCORPIE will join LEGEND ?!?

These guyz are SCOUT, RAT'S, GIZMO (BIZZMO ???), and HARLEQUIN of SILICON LIMITED !

These dudez are COMMANDER, BOA and  
MATHEW STAR from R.O.L.E. !  
This guy behind COMMANDER holds my  
Happy Weekend in his hands.  
Pricequestion! Who is this guy who  
can't live without pornos? That's not DWARF !

These dudez are ISAAC, CURLIN, JIHAD,  
TWF, FRENZY (HITMEN driver) and DEF  
SQUAD from da ruling HITMEN !  
ISAAC is now in PARADIZE, coz we are  
not only a demo group. Good luck !

From left to right GENIUS, MORON, CURLIN, SILCO, DENNIS and DNA from PARADIZE. You see that little megabrain CURLIN. He's not in PARADIZE, he's in an really unknown group called HITMEN ?!?

These four horny guyz are MARTIN, HAWK MUSCLE and CHRISTIAN from MANOWAR! For hard, brutal, illegal Modemtraders and Crackers they look very shy.

F4CG:Yoh. Bye !

Guetiger Gott! Die Verachtung in ihren Augen... sie war nicht mehr aus ihrem Blick verschwunden, selbst Stunden spaeter nicht... Und er sah sie immer noch vor sich, wie sie dalag, still in sich hineinschluchzte... Er war in der Kabine auf und ab gelaufen, hatte ihr eine Zigarette angeboten, einen Drink, irgend etwas, das die schreckliche Stille zu brechen und das kleinste Zeichen ihrer Vergebung herbeizufuehren geeignet schien. Schliesslich hatte er allen Mut, der ihm noch geblieben war, zusammengefasst und sie gefragt: "JANET... Liebling, bitte... Kannst du mir verzeihen? Ich liebe dich doch!"

Sie hat ihn nicht angesehen, ihm auch nicht gleich geantwortet, und als dann ihre Stimme an sein Ohr drang, war sie kuehl... fast tonlos...

"Wenn du fuer heute Nacht mit mir durch bist, du Vieh, wuerdest du mich dann bitte zudecken?"

Ihre Worte durchzuckten ihn schmerzlich, als habe sie ihm ein Messer in die Brust gestossen. Er schluckte quallvoll und erfuelle ihren Wunsch, zog die Bettdecke bis zum Kinn. "Liebling... ich weiss, dass es fuer dich schrecklich gewesen sein muss... Ich... ich habe einfach die Kontrolle verloren, das ist alles. Ich, ich habe nun mal verdammt lange darauf gewartet..."

Keine Antwort, kein Blick, nicht die leiseste Reaktion auf seine Worte.

"Du... du warst so atemberaubend... wie du da vor dem Bett standest...", hatte er weitergestammelt. "Wenn wir nur nicht so lange gewartet haetten. Erinnerst du dich, wie oft ich dir waehrend unserer Verlobungszeit gesagt habe, wir sollten nicht laenger damit warten...?"

Sie bewegte sich nicht.

"Verdammt noch mal, JANET, es tut mir leid!" hatte er hervorgestossen. "Was soll ich denn sonst noch sagen? Ich bin nun mal ein Mann und kein Stueck Moebel. Du musst versuchen, auch mich zu verstehen. Eine Frau mit deiner Figur, deinem Aussehen, kann einen Mann einfach verrueckt machen. Es... es hat mich einfach uerwaeltigt. Grosser Gott, das hat sich doch alles in mir aufgestaut, ein ganzes Jahr..."

Er hatte sich einfach umgedreht, ihm den Ruecken zugewandt, als redete er gar nicht mit ihr, ja, als seien sie gar nicht in dem gleichen Raum. Wut war in ihm aufgestiegen.

\*

"Verdammtes Weibsstueck!" fluchte er, riss ihr die Bettdecke weg und setzte ihren ueppigen, makelosen Koerper erneut seinen gierigen Blicken aus. "Du bist jetzt meine Frau und du hast dich entsprechen zu benehmen!"

Sie blickte ihn an, und ihre Augen weiteten sich vor Entsetzen, als sie sah, wie er den Bademantel von sich warf und sein dicker Schwanz erneut steif wurde. Ich muss ihr wie ein wahnsinniger vorgekommen sein, dachte er, als ihm von neuem bewusst wurde, wie er sich wieder auf sie gestuerzt hatte.

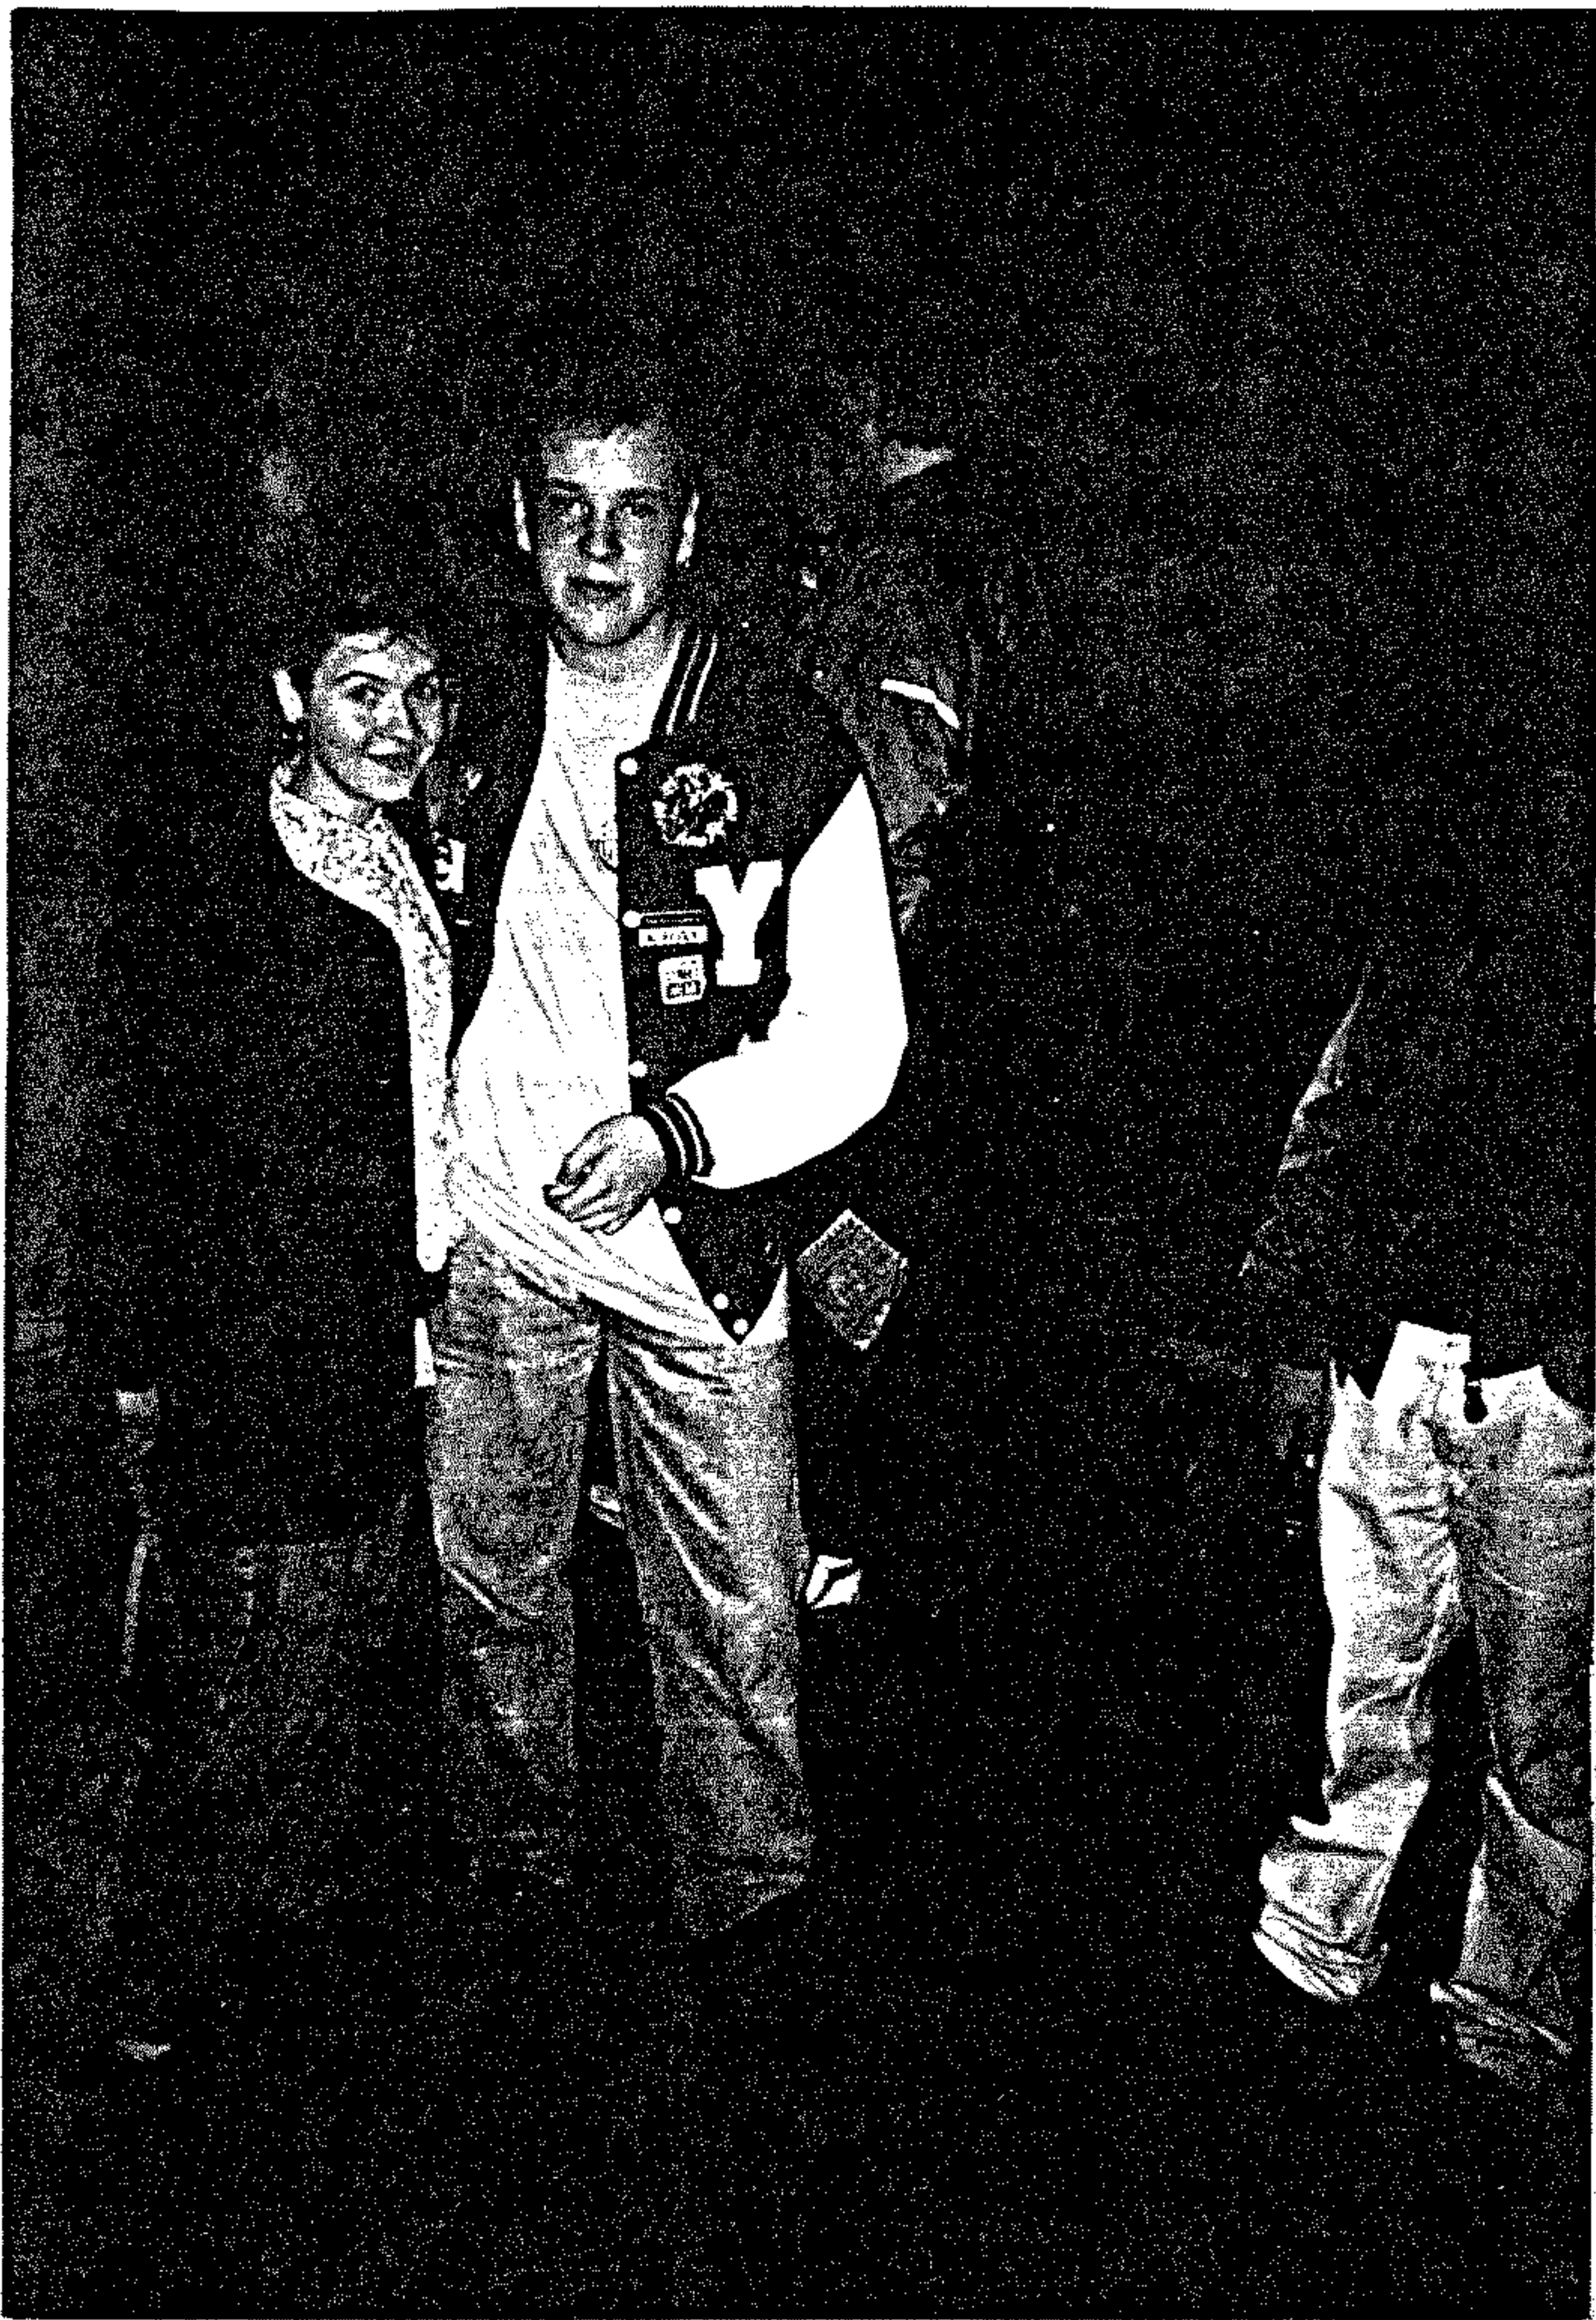

"Du Tier, Tier, Tier!" hatte sie gekeucht, gegen ihn angekaempft, ihn mit ihren langen Fingernaegeln gekratzt und verzweifelt nach ihm getreten, als er sich wieder in sie hineinwuehlte. Da war ihm alles egal. Er griff nach seinem Bademantel, zog den Guertel ab und Band ihre Haende brutal auf den Ruecken. Ihr straeuben wurde schwaecher, sie war erschoeepft. Traenen der Demuetigung und eines gebrochenem Herzens naessten ihre Wangen. Er wusste kaum noch, was er tat, nur, dass sie ihm gehoerte und er ihr das klarmachen musste.

Jeder Widerstand verlies sie, als er ihren schluchzenden Koerper auf dem Ruecken aufs Bett warf, so dass ihre Hueften auf der Bettkante zu liegen kamen und die Beine den Boden beruehrten. Hass und Scham in ihren Augen hinderten ihn nicht, ihre Schenkel von neuem weit auseinander zu spreizen. Ihr Stoehnen wurde lauter, als er seinen Schwanz abermals in ihr Loch einfuehrte, halb stehend, halb auf dem nackten weissen Fleisch ihrer Hueften liegend.

Und als sein brennender, fleischiger Penis hochschnellte und in ihre empfangsbereite Oeffnung glitt, wieder und wieder, mischten sich seine fast obszoenen Stossgeraeusche mit ihrem Schluchzen, bis er auch nicht mehr wahrnahm und alles um ihn in einem Taumel er Lust versank.

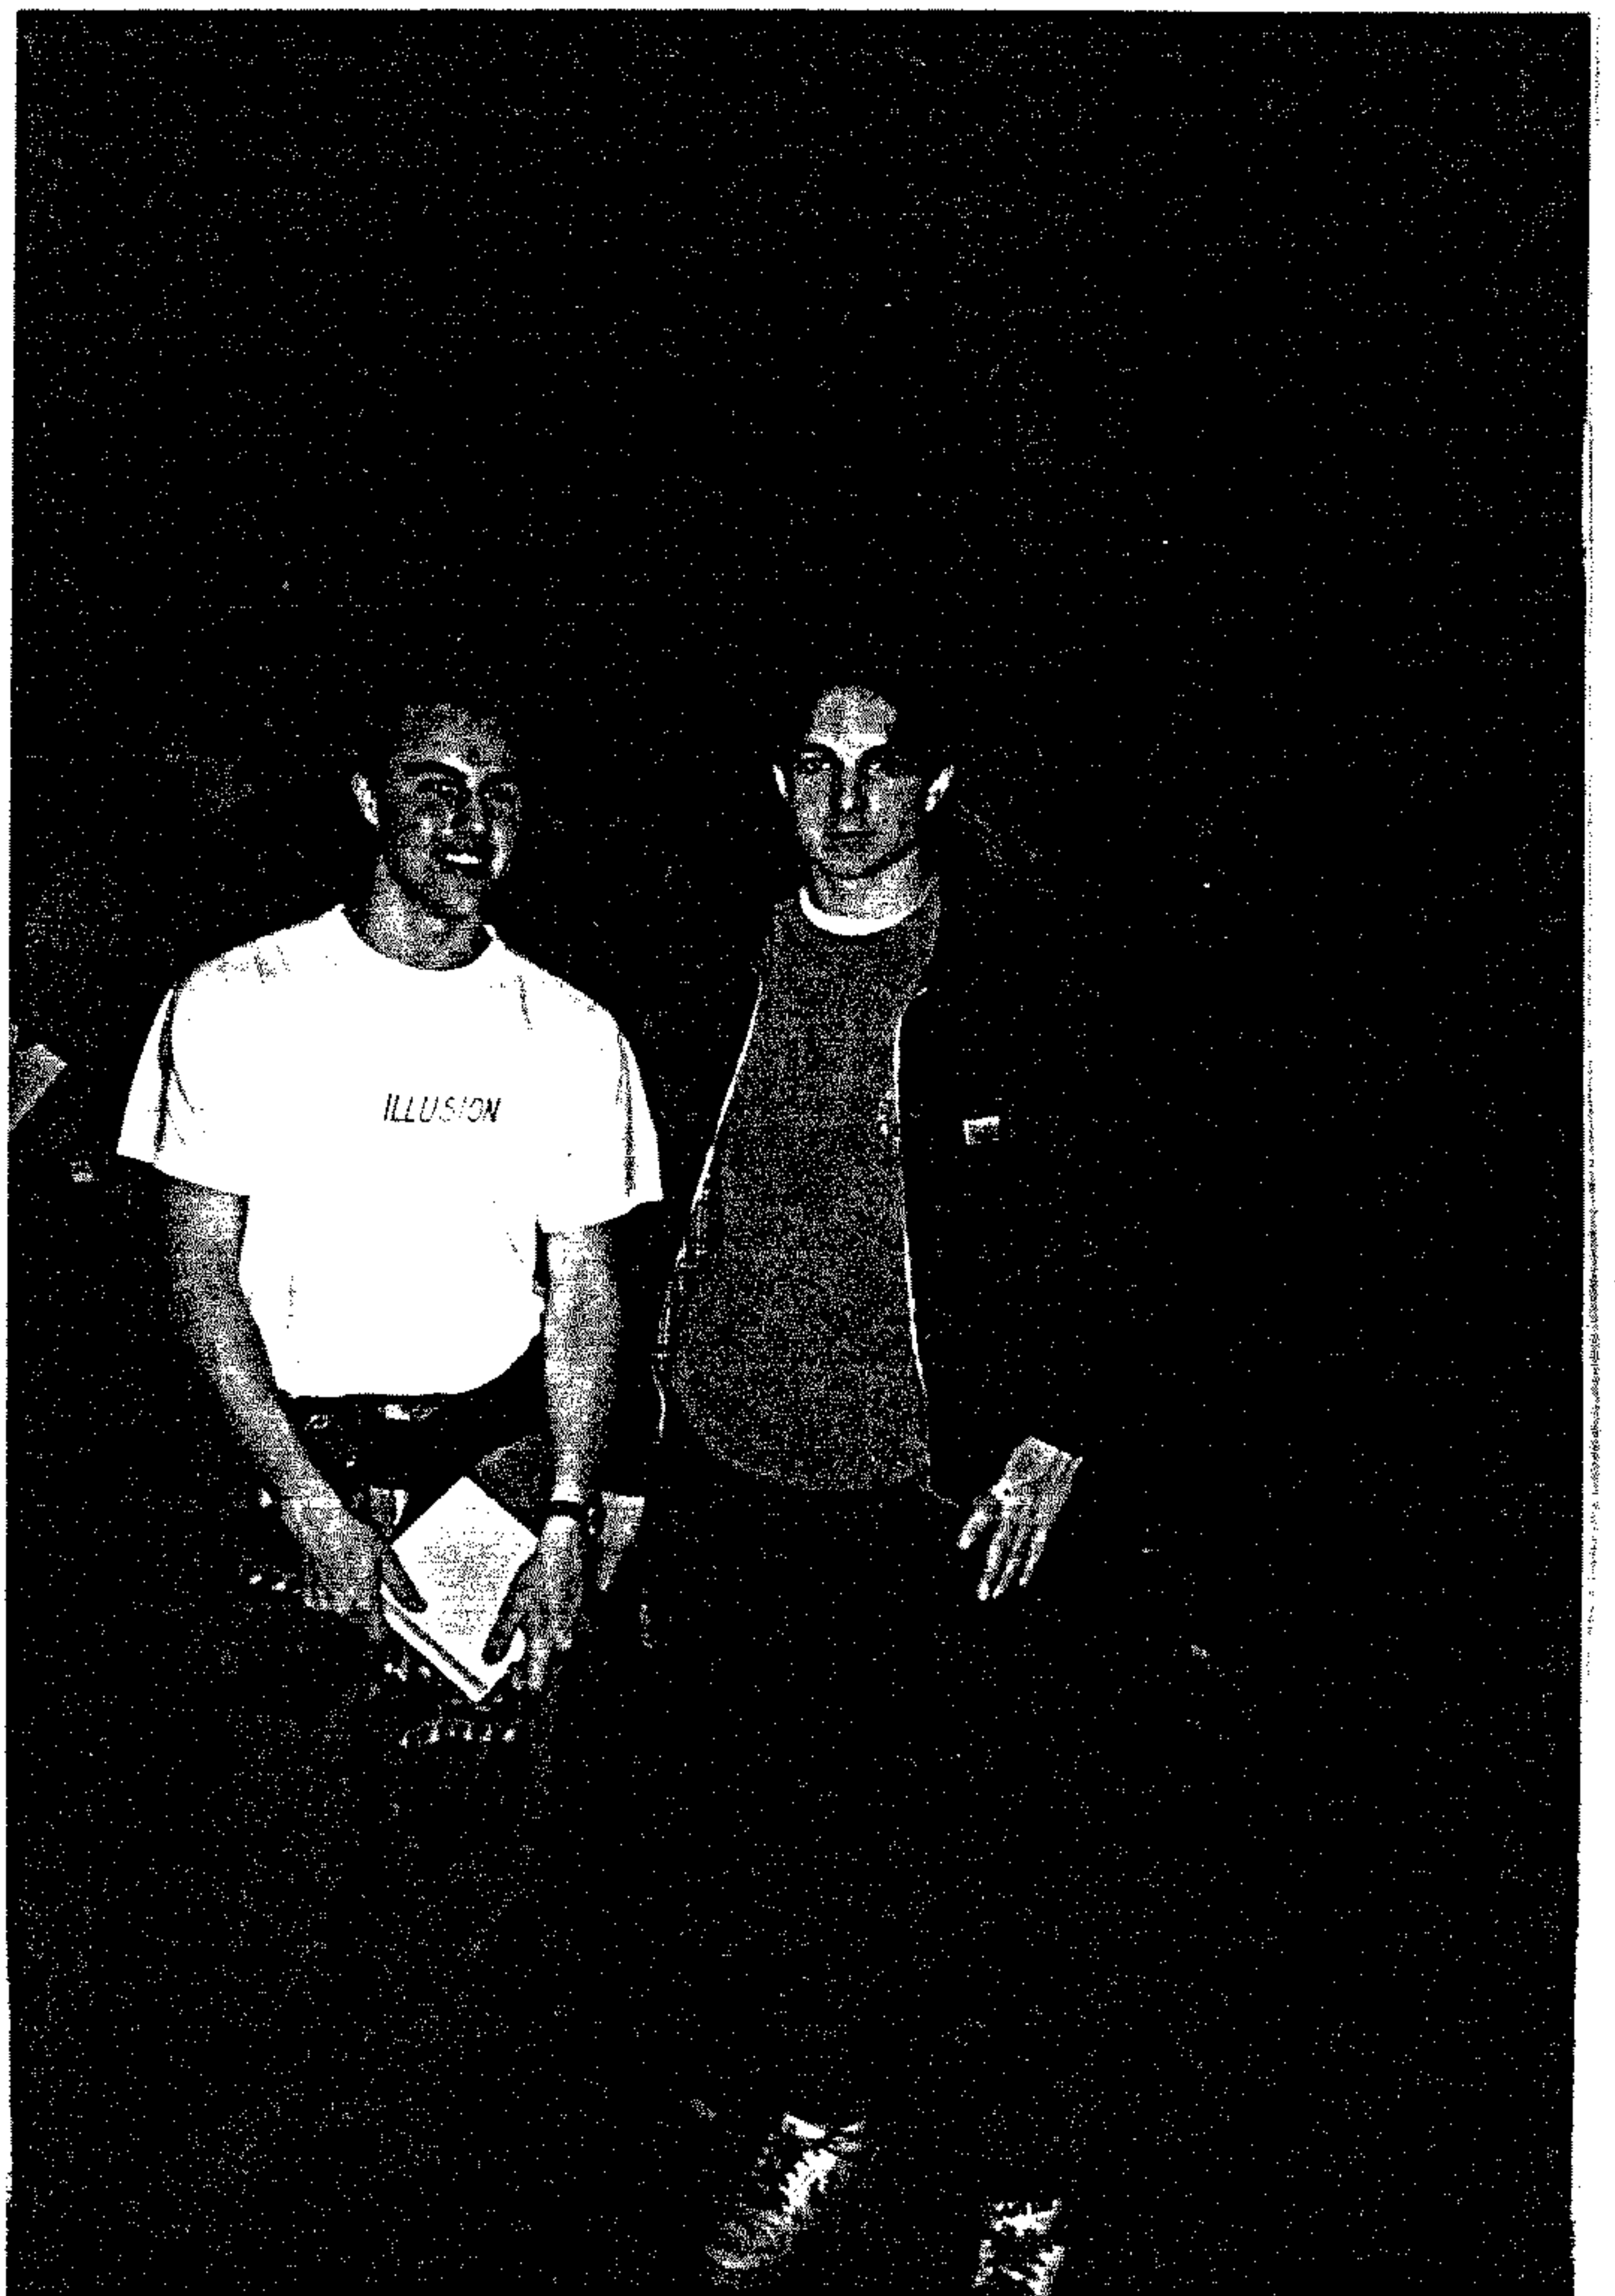

Grosser Gott was habe ich nur getan!

TRAINERS :+2 (lives,level)

This game looks a bit like the game ASTEROIDS, but it's really lamer than ASTEROIDS. You must shoot down enemies, if you want to go to the next level. These enemies look like discs, flies and ufos.... Also the steering is the same as in ASTEROIDS. In this game you can get some extras to get more speed, gain an extra live and some more things. The GFX is also not very cool. The sound is a little bit better than the GFX but it's also not very motivating to play the game. Put it in a trashcan... The crack was a bit old and also too many blocks.

TRAINERS :IFFL +10 (lives,shield,level...)

This game looks like the old SILKWORM, but it is a very nice game with a very smooth scrolling. You fly from the bottom to the top. The steering is good and also very smooth. Also you can get here some extra powers like shields, 3 way shot, faster shot and other funny things. The explosions are very good animated and in each level some other nice animated enemies and other background GFX. The game is very easy and this does not make much fun. A lot of enemies are on the screen and nothing wriggles. The crack from X-RAY is very nice and the game was very fast spreaded. Only one thing is not so good. After playing the first level it loads the 1st again and than the second. The crack didn't work in the 2 player mode...

BOZAR/BRONX: Nice idea, but the shit was, I passed 7 stations coz of reading your mag.

EDITOR : Hmmm, thanks dude but I think it was not so good that ya passed 7 stations.

REMARK: Cool mag but print more funny things under da fotos.

EDITOR: I will print more funny things under da fotos (I hope they're funny).

BRUCE/SD: I thought it was quite nice, but your English was very terrible man !

EDITOR : I know, I know but may be I can improve it a bit in da next issues, ya addie will printed in the next issue. All right !

ANTICHRIST/GP: The interviews are really lame. The fotos must be better!

EDITOR : Thanks for constructive critics. The interviews will be better. I promise. I have a new dude who can make better copys than in the first. Check it out...

MORON/PARADIZE: Improve a bit da fotos and put more gfx in, so it's ok...

EDITOR : Da fotos are a bit improved. May be in the 3rd or 4th issue some fotos are in colour (I don't know if I get a commercial partner or not). ANS can't pay grafix at the moment, coz he is in his exams and he works for their demo (watch out for it !!!)

MAJOR-X/X-RAY: Hey really nice mag. I will only say that when I not drunk so much before the competition, I had won the competition.

EDITOR : Hey, you was really pissed and may be on da SILICON LTD. PARTY you can show what a man you are ! See you there ?!!

ROY/VICTIMS: Your English is lame man and who want to read da sex-story ? The fotos are in good conditions. The charts are not very odjective. The GFX is nice. The interviews are shit. Read more about in COOCOC#18 ! Fuck Curlin, see you.

EDITOR : Well, thanks for your critics. I know that the 1st issue was not very cool. Check this one out. The interviews are a bit better. I think that the charts are very objective, coz over 1000 dudes voted in several mags. The fotos are not in very good condition the last issue, this issue the fotos are much cooler. My English ? Forget it. Also we had a phone call and you can test the 4th or 5th issue again ?!?

I will thank all dudez for the reactions and I also know the things which must be improved. I'm really thankfull for every reaction i can get. So dudes, send reactions and PHOTOS !!!

At first something to the pictures...

On the 1st side you find a foto with some dudes from TALENT, ACTION and so on. FREESTYLE left TALENT and he is now groupless. TACHYON is a MIS member but this dude is PETER from TALENT.

On da backside you find HOBBIT and RESET. These two dudes are back in TRANSCOM. Also I forgot on the SCL pic that the 2nd from right is TIM of SCL.

On the next side you find a pic from PARADIZE. DNA joined COMPAGNIONS. MARTIN+CHRISTIAN of MANOWAR joined ALPHAFLIGHT 1978.

On the 3rd paper ya see ARROGANCE He is now groupless...

HITMEN is dead !!!

Sorry, but I can't do anything against that the dudes change so fast their groups. I take these pic's in Venlo march also the interviews are 4 months old and the copies are the 1st we made. So sorry to this shit, but I think that this issue is a bit better than the last one. So enjoy it...

You also know that I left HITMEN in order to join another group. I do this peace of art, swapping (40) and sometimes I phreak with my modem. If any group is interested in me than write to me...
