COPY-PARTY
4.5.6 AUGUST 1989

Hi freaks !

So you managed to catch it ... The official invitation to the CRAZY-STARDOM meeting.

This will be the main meeting ever organized this year !!
So read all this carefully without missing any line !!!!!

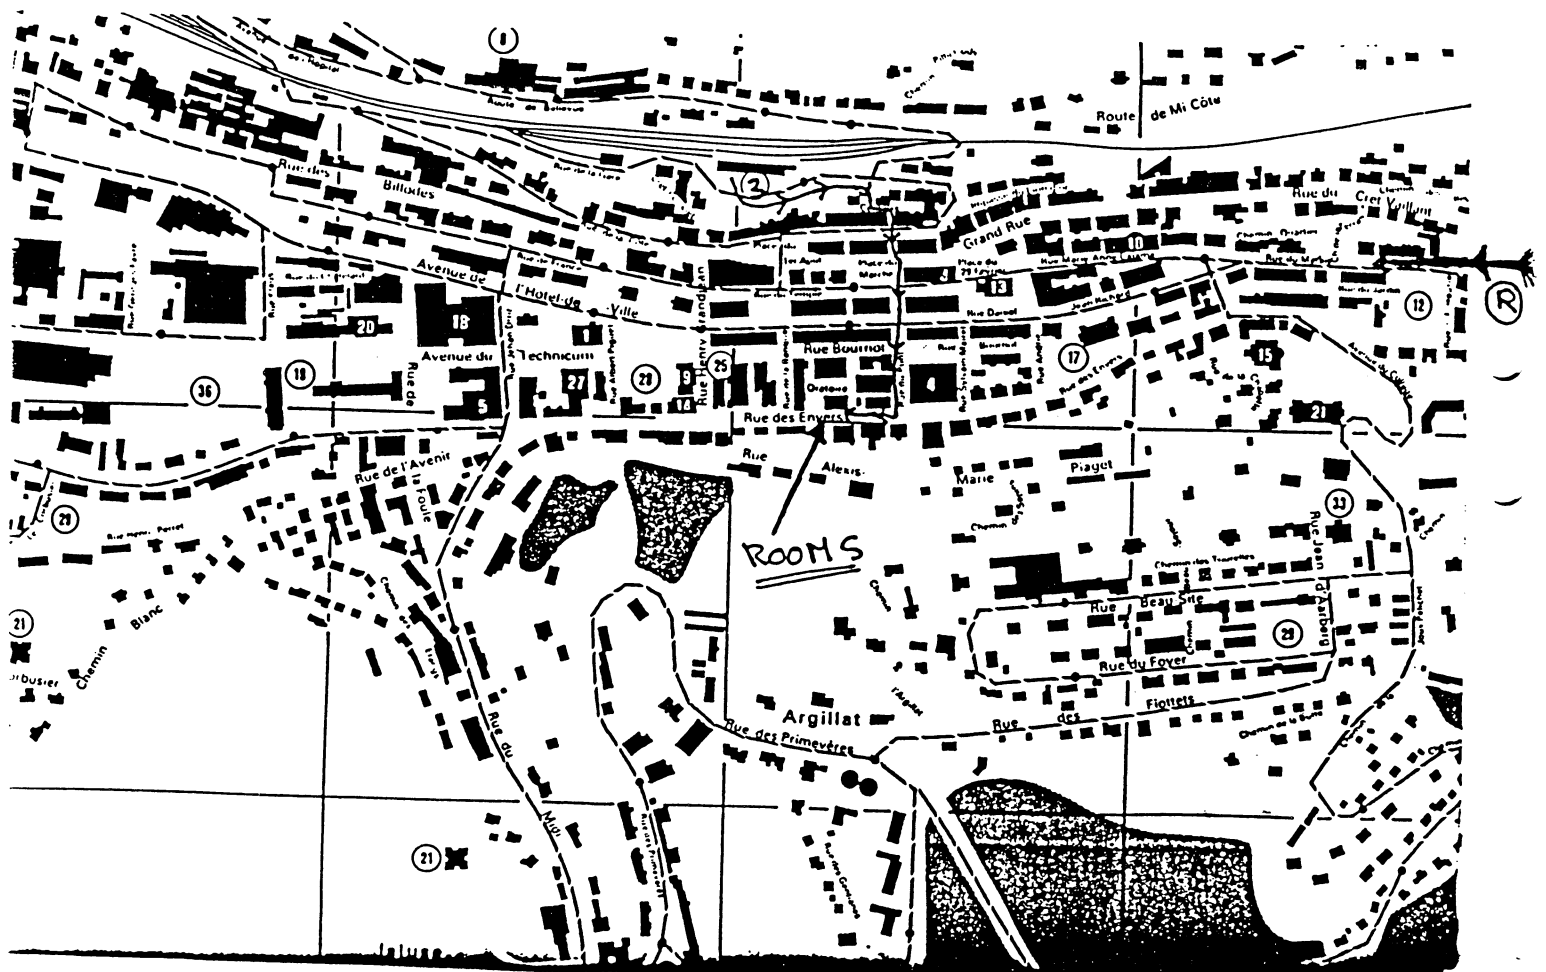

Informations about the party itself

The party will be held in the smalltown of Le Locle in Switzerland. It will be organized (as you might have guessed) by the guys from STARDOM-Switzerland and from FUTURE-CONCEPTS/CRAZY. The party-rooms are situated in the middle of the town, just between two restaurants and two beer-pubs. So, if you want to get drunk, you only have to choose one of those bars (but no drunk people will be admitted in the party area !!!) The rooms consist of two floors, where we can put over 100 computers and about 300 people. There are toilets, a kitchen and small rooms where tired guys can sleep without being disturbed by the noise. There shouldn't have troubles with the computers' noise because the local is usually used to organize disco-dancings or things like that. So take your radios, ghettoblasters etc... There'll be a snack-bar where you will find drinks, small-restauration food, disks and everything you can need at such a meeting.

There'll of course be attractions like two demo-competitions for example. One already is on the road, organized by STARSKY/STARDOM, and everybody can take part in this competition. The demos of this event will be judged there at the meeting by all the guys who will be present. The other demo-competition is organized by the guys from CRAZY and only the groups who will be at the party will be allowed to take part in it. It will also be judged in live at the meeting. There'll be mega-prizes for the best contributions like a golden-computer award, a golden-joystick award etc ... So bring your productions there and let the best demo win !!

How to reach the party-rooms ?

Down here you can find the place on the map of Le Locle and all the informations you need to reach it, either if you come by train or by car.

1: train station

2: the road you follow when you come by car from la Chaux-de-Fonds

3: post-office

Here is how to come to our party !!

If you come by train, here are the ways you have to follow if you come from :

NORTH-GERMANY : BASEL-BIEL-NEUCHATEL-LA CHAUX DE FONDS-LE LOCLE.

SOUTH-GERMANY : ST.MARGARET-ST.GALLEN-WINTERTHUR-ZURICH-OLTEN-BIEL-NEUCHATEL-LA CHAUX DE FONDS-LE LOCLE.

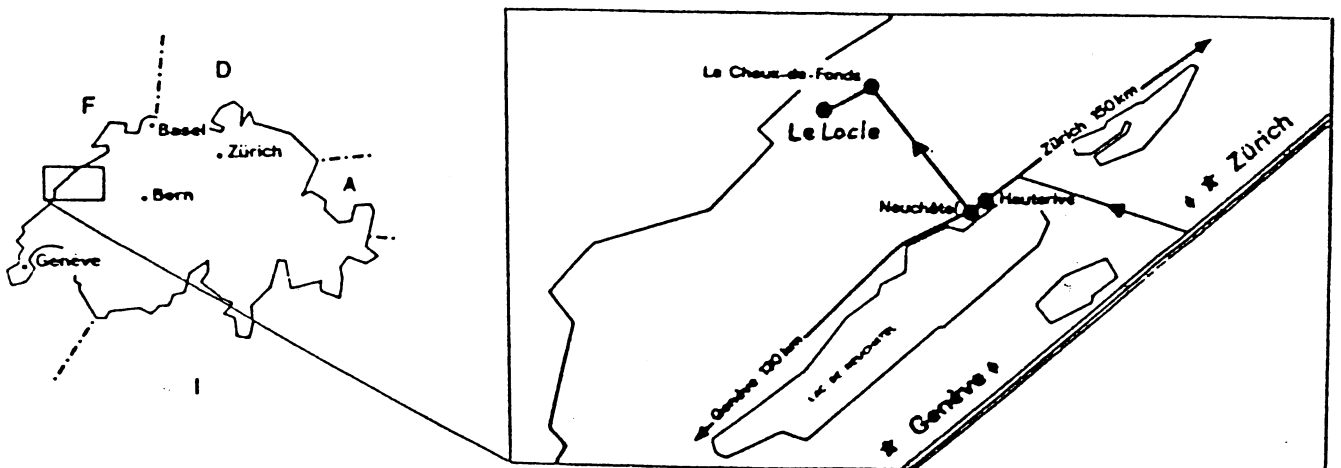

MIDDLE-FRANCE : PONTARLIER-NEUCHATEL-LA CHAUX DE FONDS-LE LOCLE.

ITALY or SPAIN : DOMODOSOLA-BRIG-THUN-BERN-NEUCHATEL-LA CHAUX DE FONDS-LE LOCLE.

Of course, you mustn't change of train in each of these towns, they are just there to show the directions to take. We couldn't give a train time-table, because the times are going to change on the 27.5.89. (sorry for this !!)

Now if you come by car : Do as you want to arrive in Switzerland, then take the "Geneve-Zürich" highway, follow the direction of Neuchatel, when you arrive in Neuchatel, follow the direction of La Chaux-de-Fonds, cross this town and after 15 minutes of cool driving, you will reach Le Locle.

Don't waste your chance to come there. Meet the best coders, graphic-drawners, crackers of the world. So cut the invitation down here and send it back to a member of STARDOM or FUTURE-CONCEPTS/CRAZY. you'll receive a ticket as being an invited person to the party. For those who bring one of those tickets, the entry will be 12.- swiss franks.
